§ 38.629 Outer Burial Receptacle Allowance.

(a) *Definitions—Outer burial receptacle.* For purposes of this section, an outer

burial receptacle means a graveliner, burial vault, or other similar type of container for a casket.

(b) *Purpose.* This section provides for payment of a monetary allowance for an outer burial receptacle for any interment in a VA national cemetery where a privately-purchased outer burial receptacle has been used in lieu of a Government-furnished graveliner.

(c) *Second interments.* In burials where a casket already exists in a grave with or without a graveliner, placement of a second casket in an outer burial receptacle will not be permitted in the same grave unless the national cemetery director determines that the already interred casket will not be damaged.

(d) *Payment of monetary allowance.* VA will pay a monetary allowance for each burial in a VA national cemetery where a privately-purchased outer burial receptacle was used on and after October 9, 1996. For burials on and after January 1, 2000, the person identified in records contained in the National Cemetery Administration Burial Operations Support System as the person who privately purchased the outer burial receptacle will be paid the monetary allowance. For burials during the period October 9, 1996 through December 31, 1999, the allowance will be paid to the person identified as the next of kin in records contained in the National Cemetery Administration Burial Operations Support System based on the presumption that such person privately purchased the outer burial receptacle (however, if a person who is not listed as the next of kin provides evidence that he or she privately purchased the outer burial receptacle, the allowance will be paid instead to that person). No application is required to receive payment of a monetary allowance.

(e) *Amount of the allowance.* (1) For calendar year 2000 and each calendar year thereafter, the allowance will be the average cost, as determined by VA, of Government-furnished graveliners, less the administrative costs incurred by VA in processing and paying the allowance.

(i) The average cost of Government-furnished graveliners will be based upon the actual average cost to the Government of such graveliners during

Department of Veterans Affairs

§ 38.630

the most recent fiscal year ending prior to the start of the calendar year for which the amount of the allowance will be used. This average cost will be determined by taking VA's total cost during that fiscal year for single-depth graveliners which were procured for placement at the time of interment and dividing it by the total number of such graveliners procured by VA during that fiscal year. The calculation shall exclude both graveliners procured and pre-placed in gravesites as part of cemetery gravesite development projects and all double-depth graveliners.

(ii) The administrative costs incurred by VA will consist of those costs that relate to processing and paying an allowance, as determined by VA, for the calendar year ending prior to the start of the calendar year for which the amount of the allowance will be used.

(2) For calendar year 2000 and each calendar year thereafter, the amount of the allowance for each calendar year will be published in the "Notices" section of the FEDERAL REGISTER. The FEDERAL REGISTER notice will also provide, as information, the determined average cost of Government-furnished graveliners and the determined amount of the administrative costs to be deducted.

(3) The published allowance amount for interments which occur during calendar year 2000 will also be used for payment of any allowances for interments which occurred during the period from October 9, 1996 through December 31, 1999.
